 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 300 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 300 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 300 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 300 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 300 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 300 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

WWW.CANARM.COM

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 600 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The 600 Series shown herein are not approved by AMCA for FEI and FEP ratings.

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 600 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air performance only. The 600 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 600 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The 600 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 600 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The 600 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 600 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The 600 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 700 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 700 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 700 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 700 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 700 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 700 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.  
The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the 9200 Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The 9200 Series shown herein are not approved by AMCA for FEI and FEP ratings.

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the ALX-UB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The ALX-UB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the ALX-DB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The ALX-DB Series shown herein are not approved by AMCA for FEI and FEP ratings.

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the ALX-DB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The ALX-DB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the ALX-DB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The ALX-DB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the ALX-DB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The ALX-DB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the BI Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The BI Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the BI Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The BI Series shown herein are not approved by AMCA for FEI and FEP ratings.

BI-18

Max RPM: 1900 Max HP: 7-1/2 Shaft size: 1-3/16"

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the BI Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air performance only. The BI Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

FEI calculated using default motor efficiency without the motor.

For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 FEI calculated using default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

FEI calculated using default motor efficiency without the motor.

For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

 Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the IDB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The IDB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Note: IDB-X models are not ETL or AMCA certified at this time.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the IDB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The IDB Series shown herein are not approved by AMCA for FEI and FEP ratings.

Note: IDB-X models are not ETL or AMCA certified at this time.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories). FEI calculated using AMCA 210 data and default motor efficiency without the motor. For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the IDB Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme. The AMCA certified ratings seal applies to air and sound performance only. The IDB Series shown herein are not approved by AMCA for FEI and FEP ratings. Note: IDB-X models are not ETL or AMCA certified at this time.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

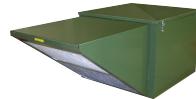

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the SIS Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The SIS Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

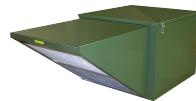

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

  
 Canarm certifies that the SIS Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The SIS Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.  
 Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).  
 FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
 For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the SIS Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The SIS Series shown herein are not approved by AMCA for FEI and FEP ratings.

Grey shaded areas meet or exceed the FEI standards for efficiency in California.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effect of appurtenances (accessories).

FEI calculated using AMCA 210 data and default motor efficiency without the motor.  
For complete fan performance please use Delair or consult factory. [www.canarm.com/delair](http://www.canarm.com/delair)

Canarm certifies that the SIS Series shown herein are licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publications 211 & 311 and comply with the requirements of the AMCA Certified Ratings Programme.

The AMCA certified ratings seal applies to air and sound performance only. The SIS Series shown herein are not approved by AMCA for FEI and FEP ratings.
