

"GB" SERIES GREENHOUSE BOX FANS

General Information

Canarm's new GB50 - 50" belt drive greenhouse box fans are part of a new line of exhaust fans designed specifically for the Horticultural Industry.

These fans feature galvanized steel housings and 6 paddle stainless steel blades.

The engineered tie bar shutters have a counter weight design, which ensures a positive seal when closed.

The GB50 features a totally enclosed 230 volt motor.

"GB" Series - Features

- Galvanized steel box - comes with shutter
- 1 HP belt drive, 200-230V / 1 phase motor
- Counter balance shutter for positive closure
- Stainless steel 6 paddle blade
- Center post design

Performance - GB50-1LGB
