

Canarm recognizes that there are instances where an item has been overlooked by your customer. Others may be faced with emergency situations where the replacement of a product is required immediately. When your customers have situations like this, then look no further than Canarm and our Express Build Program for Delhi Blowers and LFI Axial Fans.

Canarm is pleased to announce that, effective immediately, we are initiating our new Express Build Program to accommodate this need.

2

How "Express Build" Works -

Canarm stocks many Class A items for quick shipment. Class A items are not subject to Express Build premiums unless they are being altered or we are adding motor and drives.

For CLASS B and CLASS C we offer the following "Express Build" Program:

2-3 Day Shipment

We aim to ship in 2 days and you do not pay if more than 3 days 50% Premium over the regular price of the product. (Minimum charge of \$150)

5-7 Day Shipment

We aim to ship in 5 days and you do not pay if more than 7 days 25% premium over the regular price of the product. (Minimum charge of \$100)

For CLASS D we offer the following "Express Build" Program:

10-12 Day Shipment

We aim to ship in 10 days and you do not pay if more than 12 days 50% premium over the regular price of the product. (Minimum \$150.00)

2

Terms & Conditions for Express Build -

- Our suppliers may not on every occasion be able to provide expedited service therefore the Express Build program is only available "with our approval". Canarm production staff must confirm that we can meet your required shipping date before we accept and confirm the order.
- Orders will not be entered without a valid written purchase order and a notation that the Express Build surcharge is authorized by you.
- The Express Build charge is a percentage of the value of the entire order including accessories.
- The Express Build Charge will appear on your invoice as an "Order Misc Charge" and will be subject to applicable taxes.
- All Express Build orders are "NON-CANCELLABLE".
- "Days" are "working days" and start the day after the acceptance and entry of the order.
- The order will ship by end of day on the 3rd, 7th or 12th day (or before) as indicated.
- If Canarm does not ship by the date agreed to then you do not pay the Express Build charge.
- Circumstances outside our control may cause an order to not ship on time, in these cases Canarm will NOT be responsible for premium (ie Air, Expedited) freight costs, prepayment of shipping charges, on-site equipment rental, installation of the product or any other charges or penalties should product not ship on the assigned date.
- The premium does not apply to in stock product unless the customer is looking for express installation of motors and drives or other accessories.
- The Express Build premium would be in addition to regular motor/drive install costs.

Program details and charges are subject to change without notice.

Product Lead Times

Modified January 4, 2017

Lead Time classifications for all Delhi Blowers and LFI Axial Fans have now been added to our price lists.

This information, also shown in the the tables here, may be used as a general guideline.

NOTE:

Lead time dates are estimates and based on average turnaround times. Multiple unit orders may affect leads times. Please contact your factory rep. when placing large orders to confirm availability.

If product is required sooner please see Express build program and call your Sales Representative

Accessories

Accessories - Including roof curbs, hinges, grease traps, wall brackets and dampers are typically available from within 1 week from order date. We do try to keep some in stock.

For Polyurethane coating please allow an additional 2 weeks.

OEM - Lead Times

We try to complete within 2 weeks depending on forecast and usage. Please consult with your Sales Representative.

BPT12-13H	70 CFM Bath 1 Sone		
BPT18-34A-1	110 CFM Bath 1 Sone		
BPT18-54A-1	150 CFM Bath 1.5 Sone		
VENTS US PRODUC	TS		
VK100PS	4" 162 CFM Dryer Booster		
VK125PS	5" 235 CFM Dryer Booster		
VK100	4" 162 CFM		
VK150	6" 317 CFM		
VK200	8" 507 CFM		
VK250	10" 735 CFM		
VK315	12 3/8" 871 CFM		
VENTS US PRODUC			
TT100S	4" 146 CFM		
TTSILENT125	5" 200 CFM		
TTSILENT150	6" 327 CFM		
TT100	4" 105 CFM		
TT125	5" 126 CFM		
TT150	6" 225 CFM		
VKP125	5" 180 CFM		
VCN100	4" 238 CFM		
VCN125	5" 248 CFM		
VCN150	6" 302 CFM		
VCN200	8" 306 CFM		
ERV120S	5", 162 CFM, Apparent Sensible Effectivnes 65%, Sensible Recovery Efficiency 54%		
HRV120	4", 177 CFM, Sensible Efficiency 79%		
HRV170	5", 193 CFM, Sensible Efficiency 77%		
HRV200	6", 234 CFM, Sensible Efficiency 79%		
TFCOMFORA1-50-2	6", 32 CFM, EC motor, Efficiency 91%, duct 4 3/4" - 18 1/2" long, with powercord and remote control.		
TT315	12" Inline Mixed-Flow Fans Turbo Tube Series, 1051 CFM high, 830 low. (Plastic case)		
TTPRO100	4" INLINE MIXED-FLOW FANS TURBO TUBE SERIES, 210CFM (PLASTIC CASE)
