## FLUSH MOUNT

This LED light is suitable to be dimmed by LEVITON# 6633, LEVITON # 6672 (1st choice), and 2nd option for LUTRON # CTCL-153PD (dimming may be adjustable by the level head at the side of the switch)

Max # of Lamps per 600W Dimmer: 5pcs

1. Prior to installation, install mounting screws into the junction box. Do not drive screws completely to the end of the junction box.
2. Connect supply wires to wires on fixture with wire nuts or push wires into Quick Connector. Connect white to white, black to black, and copper wire to copper wire as grounding connection.
3. With the lens off of fixture, attach disk light to mounting screws, turn fixture clockwise to lock. Tighten screws to firmly hold the fixture in place.
4. Complete the installation by twisting the lens on the disk light.
