

Our swine products are hitting the road in the Ontario Pork Pig Mobile Educational Trailer

Ontario Pork will launch a new, modern Pig Mobile educational trailer at the Royal Winter Fair beginning Friday, Nov. 4, 2022.

This modern Pig Mobile celebrates the care and commitment of everyone involved in raising pigs and producing high-quality pork — from farmers, vets and nutritionists, to truckers, processing workers, retailers and chefs. It also highlights on-farm innovation, environmental practices, career opportunities and the commitment to quality that exists across the pork supply chain.

The new unit incorporates a live display of a sow and piglets in an expandable farrowing stall and feed and water systems engineered by Canarm, along with monitoring technology from MaxOn Ag Solutions, a 75-inch video screen to share industry stories, and hands-on activities that bring the pork supply chain to life.

Celebrating 26 years of service!!

Happy Retirement Glenn!

After almost 26 years of outstanding service, Glenn Dobben has retired!

Many will know him from the shipping and receiving office. His friendly demeanor and efforts here have never gone un-noticed. We wish you the best in your retirement Glenn – may the lake be calm and the fish biting!!

Customer Testimonial

My name is Ashley Brown from Browndale Farms in Paris. We've been customers of Canarm for about 4 years now and couldn't be happier.

We had one specific instance that happened this past winter – middle of December, it was about minus 14. Our milk truck driver called to let us know that our curtains were all the way down. So in a panic, we ran out to the barn to see what we could figure out and unfortunately there was nothing that my husband or myself could do. So we called the service line and they had someone out here within an hour. Without that service tech coming in, we would have had frozen robots, frozen water bowls, frozen barn. So I am very grateful for the quick service and the accessibility that Canarm delivers.

World Dairy Expo

Another successful World Dairy Expo in the books! Thank you to everyone who attended and stopped by our booth to chat with our professional Sales Team of Paul, Nicholas and Ruth.

Prior to the show, Ruth got into the dairy spirit and donned her inflatable cow costume.

See you there next year!

Recent Installs

ClearVu panels installed at Minnema Hog Farms in Dutton, ON.

Faromor Roll-A-Way curtain system recently installed in western PEI.

EuroTier[®]
First in animal farming.

2022 | 15 - 18 NOVEMBER | HANOVER, GERMANY

Canarm AgSystems will be exhibiting at EuroTier in Hanover, Germany November 15 - 18, 2022 for the very first time! If you're thinking of attending, stop by **HALL 12, BOOTH D40**. We'll have Comfy Calf Suites, self locking feed fronts, natural ventilation products and more on display.

Another satisfied customer...

We upgraded an older competitors' equipment that was not meeting customers standards and requirements to Faromor Curtain Systems. We also added FRP Chimneys to their facility.
